

Recd. July 23rd

Gilgal, Perth, Scotland

Dear Sir, There is a vacancy in the Professorship of Botany in the University of Dublin: for which I wish to be prepared to become [if desirable] a candidate by possessing myself of those Festivals from America, as well as British & Continental, Botanists, which are exacted from applicants for such appointments.

May I venture to en-
-quest from you the favour of any
expression of opinion regarding my
Botanical publications or qualifica-
-tions?

The Pamphlet, which I
forwarded for your acceptance by
the Smithsonian Institution, or other
-wise some years ago, may perhaps
assist you in forming a judge-
-ment.

Jan. Dear Sir,
With much esteem,
Faithfully yours
W. L. Lindley

Prof. Torrey
